DETAILED ACTION

Information Disclosure Statement

The information disclosure statement complies with 37 CFR 1.98(a)(1), listing of all patents, publications, or other information submitted. However, the date provided should be at least the month and year of publication in the form MM/YYYY. The day of the publication can be omitted.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter that the applicant regards as his invention.

Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The language of the claims must clearly distinguish the elements of the claims. Therefore the ends of must be clearly distinguished. Terms which make the claims indefinite include: "of the where the side wall adjoins" in claim 4; this should be: of a top rear corner where the sidewalls adjoin. Terms in the claims which lack proper antecedent basis include: "the region", "the top rear corner" in claims 1 and "the region" in claim 4; changing "the" to "a" will correct this problem.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Norwood, Kinney, Fabiano, Dodds, Correll, Magers, Box and Moran, Jr.

Allowable Subject Matter

Art Unit: 3637
